Mayor McClellan was disappointed at the showing made by Dr. John McGaw Woodbury in the Street Cleaning Department. He appointed Dr. Woodbury for personal reasons, and the Street Cleaning Department has been the buttor much of the criticism against the Tammany deministration. Mayor McClellan took the advice of Commissioner Woodbury when he vetoed the bill passed by the Legislature increasing the pay of the street-sweepers, and it cost him several thousand votes.

Mayor May Quit Tammany.

Charles F. Murphy he will break a friendship of many years standing. It was agreed around Tanmany all to-day that the Mayor will break loose from the organization. The expectation is that he will give the opening sign if the courts declare him elected, by appointing a Commissioner of Parks in place of the late John J. Palias, will make Tammany Hall sit up and take notice.

Health Commissioner Darlington probably will remain in office, if he so dealires. The Mayor is anxious to have Mr. Mulry continue at the head of the Tenement House Commission, but Mr. Mulry's outside interests are so exacting that he may not be able to remain. It is a moral certainty that if the Mayor has the appointment of his successor, the man will not be a Tammany leader nor a Tammany politician.

Even upon these conditions, owever, the Constitutional Democrats finally last night decided definitely not to hold office in the present ministry.
